

FINAL PURCHASE WORKSHEET AND PRESENTATION

Name: _____

Date: _____

You have researched computers, printers, and software up to this point. Now it's time to make your decision.

Select your preferred computer choice and printer choice and list it below. Select the website/vendor you will use for purchasing your software and list it below for each. Include the price for each of the selected purchases and provide a final total for the entire cost of your system purchase.

	Insert model # for computer and Printer; insert website for each software choice	Price
Computer Choice		
Printer Choice		
Software Choice-Microsoft Office		
Software Choice #2		
Software Choice #3		
Total cost for entire system above		

PowerPoint Presentation: Using Microsoft PowerPoint, create a presentation showing each model of computer you compared (2), each printer you compared (2), and each vendor you compared for the three software purchases (total of 6). Also include a slide that shows your final choice for each and the total cost of the entire system (computer, printer, three software choices). Finally a summary slide is needed to include what you learned from this project.
